HEALTH RIGHT, INC.

Notes To Financial Statement

Note 1. Summary of Significant Accounting Policies

A. Accounting Practices - The accompanying financial statements of Health Right, Inc. (HRI) are presented on the basis of accounting practices prescribed or permitted by the District of Columbia’s Department of Insurance and Securities Regulations (DISR).

The District of Columbia Department of Insurance and Securities Regulations recognizes only statutory accounting practices prescribed or permitted by the District of Columbia for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the District of Columbia Insurance Law. The National Association of Insurance Commissioners’ (NAIC) *Accounting Practices and Procedures* manual, version effective March 2005 (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the District of Columbia.

B. Use of Estimates in the Preparation of the Financial Statements – The preparation of financial statements in conformity with the NAIC Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. Accounting Policy – HRI records premium revenues based on its membership records. Premiums are due monthly and are recognized as revenue during the period in which HRI is obliged to provide service to members.

In addition, HRI uses the following accounting policies:

- 1) Short-term investments consist of readily marketable securities with maturities greater than three months but less than one year at the time of purchase.
- 2) None.
- 3) Unpaid claims and loss adjustment expenses include an amount determined from individual case estimates and claim reports and an amount, based on past experience, for claims incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- 4) HRI has not modified its capitalization policy from the prior period.
